

SOCIAL, HYGENIC & MODULAR TOILET BLOCK

CONCEPT SKETCH

PLAN

CONCEPT NOTE

ACCESS TO CLEAN TOILET IS A NECESSTITY IN SCHOOLS OF RURAL INDIA. THIS IS EVEN MORE IMPORTANT FOR GIRLS WHO GIVE UP THEIR EDUCATION DUE TO LACK OF SUCH BASIC FACILITIES.

THE PROPOSAL TAKES INSPIRATION FROM THE IDEA OF ENVISIONING NOT JUST A COST EFFECTIVE SOLUTION BUT ALSO ENCOURAGING SOCIAL ENGAGEMENT. LOW HEIGHT LEDGE WALLS, PERFORATED SCREEN (JALI) AND A DRINKING WATER STATION (OPTIONAL) SERVE THIS PURPOSE.

USE OF LOCAL & BUDGET FRIENDLY MATERIALS AND A MINIMALIST APPROACH TO THE FORM AND OVERALL AESTHETICS ENSURE THIS PROTOTYPE IS SUSTAINABLE, ECONOMIC AND EASILY REPLICATED ACROSS ALL SCHOOLS IN THE COUNTRY.

SOCIAL, HYGENIC & MODULAR TOILET BLOCK
